

Learn the beautiful art of Italic Calligraphy. This six week course will teach students how to hold and manipulate their nib to form elegant italic letters. This calligraphic hand consists of repetitive shapes and lines that make up the majority of these letters. Understanding italic fundamentals will teach each student to recognize proper letterform as they learn to write. A special pen equipped with a broad-edged nib and ink cartridge will be used by students to complete the entire alphabet, lower and upper case and then moving on to sentences and further writing. Exemplars will be provided by the instructor.

Materials List:

Gilbert Bond 11x17
Pilot Parallel Pen, size 3.8
(green cap)
pencil
eraser
ruler
