

Supply List

A Painterly Approach to Procreate

Oregon Society of Artists

- Ipad- any model running OS 13.2 will work with Procreate.
- Stylus recommended but not necessary, some artists are successful with finger painting. The Apple Pencil is recommended as the best stylus for your Ipad, and emulates traditional painting with touch sensitivity. However, less expensive Stylus' will work. Be sure that the the stylus that you purchase is compatible with your Ipad. The Apple Pencil comes in a first and second generation, and are only compatible with certain models.
- Procreate software should be preloaded on your Ipad. Find it at the app store here: <https://apps.apple.com/us/app/procreate/id425073498>. Also visit the Procreate website and read some of the frequently asked questions here <https://procreate.art/faq>

If you have any questions, or would like to do a trial zoom session with me before your first class, please feel free to email me: eeartist@gmail.com
