- Ipad running OS 13.2 or newer

- Procreate is purchased thru the App Store online for \$9.99.

All future upgrades are free, and it can be shared with any ipad that is signed in with the same Apple ID.

- Stylus for Drawing

Ideally, the Apple Pencil is the best drawing tool for your Ipad. Depending on the age and model of your Ipad, you may need the 1st or 2nd generation pencil, they are not interchangeable. You can get started with a 3rd party stylus' or simply drawing with your fingers but eventually you will want the benefits of the full pressure sensitivity of the Apple Pencil (\$99 first gen. or \$129 for second gen.

- Basic knowledge of use and navigation on your ipad.

- Classes will be held on Zoom, internet required

You will receive a link via email. We will use the same link every week. It is recommended, but not required that you sign on with the same link on 2 devices. Connect with one device so you can see everyone and see my demos while you work on your Ipad. Then connect with your Ipad, so you can share your work and get help in real time. Be sure to enable audio with only one device to avoid audio feedback.
