Make Your Workshop Experience Great

Parking:

If you can car pool or be dropped off, it will help with the parking lot. If you are going to park in the lot, please park at the back of the lot (North End). A parking attendant will be there to help you get parked. We will ask you to park in the last 4 slots and double park in the center, 3 across. We will ask you to park in the same configuration all week. There is also street parking as an option if you wish to get a parking pass check with the staff office.

Lunches:

There are several places to walk to for lunch or please bring your lunch. We have a full kitchen and you are welcome to use it. You may store your food and drinks in the refrigerator, please label with your name and put the date on your containers. Leaving the parking lot can be a challenge during the day so plan ahead.

Classroom:

You are welcome to leave your supplies in the classroom during the workshop overnight. Your class will be the only one in that space for the length of your workshop, so you will not have to pack up every night. That said there will be other classes in the building so keep that in mind when leaving your supplies. The building will be open early, so you will have plenty of time to get settled before your class begins.

Please let us know if there is anything we can help you with. We want your visit to OSA to be an enjoyable experience.

Welcome to OSA. We look forward to your visit!
