# OSA FRAMING GUIDELINES FOR NON-JURIED SHOWS

All works must be framed to OSA standards and ready to hang.

- **PAINTINGS**

- No wet paint. No exceptions.
- Sides painted; No raw canvas showing
- No staples showing on fronts or sides
- For all framed art, wire must be tightly secured to the back of the stretchers with D-ring style hangers, and positioned 1/3 of the distance from the top.

- **PHOTOGRAPHS (except images on glass, metal, and stretched canvas)**

- Photos must be matted, framed and ready to hang.
- Black mats are acceptable.
- Artwork that exceeds 30" in any dimension must utilize Plexiglass rather than standard glass.
- Frames for photographs printed on metal, glass, and stretched canvas are not required, but hanging systems must be adequate for their weight.

- **ALL MEDIA (including paintings and photos)**

- All work must be original to the artist. Classroom work accepted.
- No ornate frames; a frame must be plain and simple, clean and undamaged so as to enhance the art, not distract from, or compete with it. Traditional, neutral or dark-colored frames work well to finish and flatter a piece of art. A frame should not be so elaborate that it overwhelms the art or is viewed as a work of art itself. Consider seeking advice from the Gallery Director prior to purchasing a frame.
- Mats must be white or off-white only (with exception to black mats for photography only). If a mat can be identified by its hue, e.g., very pale yellow, it is neither white nor off-white and may not be used. Colored mats are only appropriate as an interior liner mat, and no more than 1/4 inch may be visible. Any colored exterior mats will be rejected from a juried show.
- MAXIMUM framed dimension – 48 inches on any one side
- Entries with an exterior dimension larger than 22" x 28" MUST use clean Plexiglass (if appropriate to the medium) to minimize weight and potential for breakage.
- Glass and mats must be clean and free from lint, hair, spots, fingerprints, etc.
- Plexiglass may not be scratched.
